2. Welcome and Introductions

3. Minutes: Consideration of August minutes was tabled due to lack of quorum.

4. Chair Report – Confusion over who is editing which version of the draft Transportation chapter has been resolved. Tom will cease his editing and the committee will forward the draft that comes out of this evenings meeting.

5. Sub-committee Assignments and Reports

a. Transportation: Katie Greenman explained that the revisions made at the August meeting have been implemented and even more information has been added. The committee decided we will keep certain maps, charts, tables, etc. in the comp plan as appendices. Dexter will also inform Tom that the Waterfront Committee Report will be kept in the comp plan as well, also as an appendix.

It was felt that there may be more time needed to complete the chapter and how that time might be paid for outside of the Comp Plan budget.

b. We will begin review of the Public Facilities and Services as well as the Recreation chapters next meeting.
